India INQUIRY

For Such a Time as This

8 August 2019

Dear Servant of God,

Greetings in Jesus name! It is my joy to share with you all of a new collaborative initiative of EFICC, EFI, & IMA with patronage from Rev. Dr. Luis Bush in response to a request from Rev. Dr. Richard Howell. The objective of this initiative, first taken by EFICC, is for us to launch on 1st January 2020 a "Decade of Prayer and Revival" with the participation of at least 10,000 churches from all over India, calling on churches, mission organizations and Christians in India to dedicate ourselves for such a time as this. Toward that end we are planning:

1. To present the findings of the India Inquiry in our National Mission Consultation (NMC) from 25th to 27th March 2020 at Caleb Institute, Farrukh Nagar, Haryana. The consultation is organized by EFICC.
2. To present the findings of the National Mission Consultation NMC to the EFI organized All India Congress on Church in Mission (AICOCIM) in a decennial event expectant that it will be used by God to shape the Evangelical movement in India as we have experienced in previous AICOCIMs.
3. To launch a "Decade of Prayer and Revival" from 2020 to 2030, calling on Churches, mission organizations and Christians in India to dedicate ourselves for we believe that if we as one Body keep our focus on prayer and live surrendered lives to God, then He will send revival in our land to bless it in every way.

God is undoubtedly at work in India even as we find ourselves at a unique point in our nation's history. The context around us may seem to have changed but the mission of the Church remains, the call of God remains the same and the God who calls to engage is the same and continues to amaze us through His intervention and the building up of His body in our nation.

As a precursor to this prayer movement we are first making an "India Inquiry", to help us to better understand what God is doing in our nation and the needs and challenges so that nations will be transformed, blessed and discipled starting with our own.

A digital tool has been prepared to gather information online through a questionnaire. We believe that this tool will give us much more than just information. It will help us to see the dreams and visions in the heart of God's people which then can take on flesh and bone and can begin to walk.

We invite your organization to take part in the India Inquiry: For Such a Time as This by engaging the following people and asking each of them to do so including the CEO, the board chairman, the female as well as the younger leader carrying the most responsibility in the organization along with your regional and statewide leaders. The results of the inquiry will provide perspective for your organization that can contribute to effective planning based on the perspectives of God's servants in India. Each person should do so from their own email account. To proceed click this link **https://mission.tools/india-inquiry/registration** You or your representatives can answer. Where it says **Invited By:** enter Organization or Individual's Name.

If you have a problem with the survey contact Sabrina sabrinahowell06@gmail.com
